

Tanzeem

By Mukul Deva

HarperCollins

317 pages, Rs 225

The thriller writer is a rare breed among Indians novelists. Mukul Deva is an exception. The former army officer has been lauded as a first-rate author in the genre. He made his name with novels such as *Lashkar* and *Salim Must Die*. *Tanzeem* belongs to the same breed. The story revolves around a young man Iqbal, whose wife has been killed by the henchmen of an armed and dangerous warlord, Ameer-ul-momineem. Ameer's men are on a deadly mission and Iqbal, with the help of India's Force 22, must stop them at any cost. A page-turner with a pulse-pounding climax.
